

**Safety Data Sheet**

Acc. to the Regulation (EC) no. 1907/2006

**WOLSAN**

Date of print: 22/03/2013

Material no. 724

Page 1 of 3

**SECTION 1: Identification of substance/mixture and of the manufacturer/supplier****1.1. Product identifier**

WOLSAN

**1.2. Relevant identified uses of the substance/mixture and uses advised against****Use of substance/mixture**

Lubricant

**1.3. SDS supplier information**

Company name:	Wolpak Krystian Wolas
Street address:	ul. Opolska 70
City:	PL-46-380 Dobrodzień
Phone no.	+48 603 036804

**1.4. Emergency telephone number**

+48 603 036804

**SECTION 2: Identification of hazards****2.1. Classification of substance/mixture**

The mixture has not been classified as hazardous acc. to Directive 1999/45/EC.

**GHS classification**

The mixture has not been classified as hazardous acc. Regulation (EC) no. 1272/2008.

**2.2. Label elements****SECTION 3: Ingredients/information about components****3.2. Mixtures****SECTION 4: First aid****4.1. First aid measures****Skin contact**

Wash the contaminated skin with plenty of water. Finish rinsing with polyethyleneglycol 400. Immediately remove all contaminated clothes. Seek medical advice.

**Eye contact**

Immediately and carefully rinse the eyes with recommended agents or water.

**If swallowed**

If swallowed, immediately give water to drink.

**SECTION 5: Fire fighting measures****5.1. Extinguishing media**

Suitable extinguishing media

Use extinguishing media as appropriate to the surroundings.

**5.3. Advice for fire fighters**

In the case of fire use self-contained respiratory protection.

**Other information**

Remove vapours with jets of water. Contain contaminated extinguishing media separately. Do not discharge to sewers or water reservoirs.

## Safety Data Sheet

Acc. to the Regulation (EC) no. 1907/2006

**WOLSAN**

Date of print: 22/03/2013

Material no. 724

Page 2 of 3

**SECTION 6: Accidental release measures****6.1. Personal precautions, protective equipment and emergency procedures**

Provide adequate ventilation. Do not inhale gas/smoke/fume/spray of liquid. Avoid contact of skin, eyes and clothing. Use personal protective equipment.

**6.2. Environmental precautions**

Do not discharge to sewers or water reservoirs.

**6.3. Methods and material for containment and cleaning up**

Collect with liquid absorbents (sand, diatomaceous earth, universal binders). Handle the collected material acc. to the section on disposal.

**SECTION 7: Handling and storage of substances/mixtures****7.1. Precautions for safe handling****7.2. Conditions for safe storage, including any incompatibilities**

**Requirements for storage rooms and vessels**

Keep the containers sealed.

**SECTION 8: Exposure controls / personal protection****8.1. Control parameters****8.2. Exposure controls****Hygienic controls**

Immediately remove all contaminated clothes. Use preventative protection of skin by applying protective ointment/cream. Wash the hands and face after work. Do not eat or drink when handling the substance.

**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

Form:	Paste
Colour:	Off-white
Odour:	Specific

pH (@20 °C):

6-8

**Test method****Change of state**

Ignition temperature:

&gt; 100 °C

**SECTION 10: Stability and reactivity****SECTION 11: Toxicological information****11.1. Toxicological effects****Sensitization**

May sensitize in contact with the skin.

**Additional information for testing**

The acute toxicity, skin irritation, irritation of the mucous membranes and mutagenicity of the preparation have been evaluated by the manufacturer from the data of main

components. The descriptive sections of single main components are partially missing.  
However, it is the manufacturer's experience that proper labelling prevents the hazards.

**SECTION 12: Ecological information****Additional information**

The acute toxicity, skin irritation, irritation of the mucous membranes and mutagenicity of the preparation have been evaluated by the manufacturer from the data of main components. The descriptive sections of single main components are partially missing.  
However, it is the manufacturer's experience that proper labelling prevents the hazards.

**SECTION 13: Disposal considerations****13.1. Waste treatment methods****Recommendations**

Follow the rules of waste management acc. to official regulations and laws.

**Disposal of contaminated packaging and recommended cleaning agents**

Water (plus detergent). @1304.B130074

**SECTION 14: Transport information****SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****Domestic regulations**

Water hazard class (D):

1 - light contamination of water

**SECTION 16: Other information**

---

*(Information concerning hazardous components were taken from valid MSDS delivered by subsuppliers.)*
